## ABOUT THE UIBE PROJECT

The mission of the **Ujamaa Initiative for Black Entrepreneurship** is to promote entrepreneurship within the Black English speaking community and to provide support, information, and training in entrepreneurship to potential and existing business owners of all ages.

This project is made possible through a partnership between the Cote-des-Neiges Black Community Association and YES Montreal, and is funded by the Ministère du Développement économique, de l'innovation et de l'Exportation (MDEIE).

## PARTNERS

### COTE-DES-NEIGES BLACK COMMUNITY ASSOCIATION

The Mission of the Cote-des-Neiges Black Community Association is to ensure that Black people of African descent, along with other cultural communities, achieve their fullest social, economic and intellectual potential within Quebec society by providing them with needed services and representation. The Mission of the organization is also to help in obliterating the stigmas and stereotypical attitudes of the broader society.

### YES MONTREAL

As a not-for-profit organization, YES Montreal (Youth Employment Services) enriches the community by providing English-language support services to help Quebecers find employment and start businesses.
